Professional Experience and Curriculum Vitae

"The world is a book and those who do not travel read only one page." – St. Augustine
This was the quote that inspired Lisa to wander the world and write for various travel publications along the way. It wasn't until they began asking more for her photographs than articles that something clicked.

Now owner of a boutique landscape gallery on Hayman Island, Lisa's work is a collection of photographs showcasing the ever changing environment and natural patterns of the sun, sand and sea.
