Professional Experience and Curriculum Vitae
Professional photographer assignments that range from advertising, fashion, beauty, lifestyle and events. Celebrities, high fashion advertisements, fashion shows, portraits, catalogs, and promotional products are some of the areas I have worked in. Preproduction and post production expertise, such as scouting, printing and digital retouching are additional skills I have to enrich a photography shoot. My clients range from fashion designers, publishing companies, corporate, department stores and private clients. Working positively with various groups of people and performing under pressure are qualitites I possess.

Specialties: In studio and location shooting, creative direction, production solutions, editing, team building and software expertise.
