Professional Experience and Curriculum Vitae

Long works every day as a Designer, Animator, Thinker, and Developer. He is always exploring new ways to express his designer instinct and actively push his craft and approach to the ultimate level.

As a designer, he draws upon his experience in design, story creation and animation to offer a comprehensive approach to work. Having worked in many different digital & advertising agencies across interactive experiences and digital development, Long brings a quick, sharp and relentless creative process to any projects.

Long wasn't always the creative type. When he was 12 years old he was a torch bearer in the Sydney 2000 Olympic Games—in the same year he ran the 100 metres in a P.B of 11.88 seconds. He also went onto representing his region at the state athletic which he placed 5th for 'Long Jump' with a mighty leap of 6.29 metres.

In 2012, Long trade in his boots in pursuit to become an Art Director with Award School.

Previous Clientele

Adobe, Cisco, Dove, Electronic Arts, Foxtel, James Squire, Oracle, Optus, Pizza Hut, Symantec, The Wiggles, Tooheys, Virgin Australia, VMware & Wrigleys.
