Professional Experience and Curriculum Vitae
Born in 1976, Lotie is a self-taught illustrator who lives and works in Paris. In 2003, Lotie decided to devote herself to drawing and illustration after receiving a diploma in History and History of Art and a Master's in Communications at the Sorbonne University in Paris.

Lotie creates dream-like universes with India ink and pencil. Much of her work involves the incorporation of photographs and her drawings of delicate organic imagery. She fuses her drawings and digital images to combine two worlds—plants intertwine with people, and architecture is reclaimed by nature. This meeting of reality and imagination makes Lotie's work exceptionally enchanting.

Her artwork has been exhibited in a number of group shows in Europe and featured in publications around the world.
