## Professional Experience and Curriculum Vitae

Mercedes is an emerging Spanish artist who lives near Madrid with her husband and their two and a half year old son. She has been painting her whole life. She studied Art History at the Universidad Complutense de Madrid and later on a master in graphic design at CICE. She has traveled all around the world while she worked as a flight attendant. Eventually she transitioned to graphic design. Now she is painting again while she cares for her son. She has taken part in a few art exhibitions in Madrid and Valencia.
