## Professional Experience and Curriculum Vitae

A world without Art and Creativity, is like a Harry Potter novel without Magic. With every stroke, the wish is to enliven every piece of Art with spells of enchantment from a "magic wand" dipped in the ink of an artist's soul.

The results of Man-Tsun's creative enthusiasm can be seen in theme park designs, on film, on MTV and on CD covers, among many others.

## Previous Clientele

Batucada  
Cartoon Network  
Centro  
China Business Review
