Professional Experience and Curriculum Vitae

Marcela Cabrera is an award-winning graphic designer, Illustrator and art director.

She became a household name in her country for her imaginative illustration work for children's books, and more recently for her role in the world of video games.

Her passion for art started as a kid.

When Marcela was a 7 year old, she won a painting competition among 12,000 kids for that year's fiat automobile company annual calendar. Since then, inspired by this recognition and her award-winning trip to Disney World, she developed her skills as a graphic designer, travelled the world, learned multiple languages, and acquired life experiences which resulted in an eclectic and rich body of work.

Marcela Cabrera works as a visual designer and illustrator in the world of UI/UX and Motion Graphics.
