Professional Experience and Curriculum Vitae

Mark is a photographer based in the UK working in the studio and on location for a variety of clients. Mark specialises in photographing architecture, Interiors and still life and has extensive experience working with high end products and large objects in the studio.

Mark has worked on many book and brochure projects for clients and is available for complete projects as well as single photo shoots.

Mark has been working with clients for 10 years since studying photography at college then gaining a BA(hons) in photography at Blackpool and the Fylde College, he is also an experienced lecturer in photography currently working at The University of Central Lancashire and Mid cheshire college supporting technical and professional development in photography.

Relishing in all opportunities to be creative with a camera new challenges are always welcome, if you are re-branding or need to develop the visual direction of your company or you just like the work, talk to Mark about your ideas.
