Professional Experience and Curriculum Vitae

WordPress Evangelist and Graphic Designer

From corporate branding & design, to a fully-fledged creative consultancy; I endeavour to be there for the SME to the multinational. I create stunning design at realistic prices, but most importantly, I would like to help your business grow.

I offer an exclusive, tailor-made design service; when you are looking for something that little bit extra.

Awards and Accolades

Personal Statement

An enthusiastic, dedicated design consultant, who enjoys the challenge of people and technology on a daily basis whilst quickly adapting to new working environments, concepts, applications and systems.

Multi-faceted skill set to include graphic design utilising the Adobe CS5 suite of applications, extensive design and development work with the WordPress publishing system as well as Project Management of multi-million pound IT projects utilising AGILE and PRINCE2 methodologies.

Graphic design experience to include magazine production, banner advertising, marketing materials, corporate brand development and print based marketing strategies.

Highly versed in digital & film based photography and printing as well as elements of both analogue and digital video production and editing.

Also experienced in digital video and audio production and editing. Over 17 years experience working with internet technologies and digital media as well as multiple operating systems including Windows, Mac OSX and Linux.

“To stay ahead you need to make better decisions. That’s why we chose eScore.”

Alan Heaffey, Director – Operations
Renault Finance and Nissan Finance

Making better lending decisions means efficiently analysing the ever increasing volume of credit data available - whilst still controlling your exposure to risk.

eScore provides you with an advanced credit scoring platform that will allow you to develop and implement your own credit score cards and policy rules easily and cost effectively.

The result is the flexibility to tailor your finance offers in real time and make better, more informed decisions.

Cost Savings

- Increased auto acceptance of credit applications
- Seamless integration with your existing front end systems
- Customised credit score card creation in-house

Greater Efficiency

- Complete work flow system for greater control and process management
- User friendly reporting

Minimise Risk

- Greater control of individual suppliers and territories
- Direct control over policy rules and scorecards

Peace of Mind

- Full Experian data integration
- Greater visibility and clarity of data

The Credit Scoring Platform Trusted by Global Brands

“We needed a cost effective solution that would work with our existing systems, allow us to authorise more finance agreements, more efficiently – while controlling our risk.”

Alan Heaffey, Director – Operations, Renault Finance and Nissan Finance
