## **Professional Experience and Curriculum Vitae**

"Time is most appreciated and the only indeed fairly distributed good of contemporary world.

So in front of the death walks a child and an old man, a beggar and a merchant, as well as a bishop and an emperor." (A motive from Hrastovlje church fresco)."

An architect from Ljubljana - Slovenia, work as independent artist. Since 2004 designing and creating special unique manufacturing allegorical pure mechanical clock. At the end of 2009 I proclaimed brand "Angeline clocks wear".

So, my Agenda is return clock in home place as special work of art like symbol of our life time.
