Professional Experience and Curriculum Vitae

Turning a sales concept into an image, that's what I can do better and as a result of 27 years of experience in communication."
I'm a photographer with the characteristic of being very hectic, I love the challenges of the new enterprises in different conditions and to obtain the most beautiful images: beeing in
the right place at the right time, managing the adrenaline with a great concentration.

Previous Clientele

Luxottica, Valentini, Gianfranco Ferrè, La Classica, Abarth, Ferrari, De Rigo, Cirque du Soleil, Kaspersky, Monza Racing Track, Pirelli, Theatre Zelig, Visit Finland, Italian Tourism Dept., RCS Media GRoup, Vanity Fair, Style (Corriere della Sera), Class, Il Giornale, Avvenire, F1 RACING, Io Donna, Flair, Ministetry of Defence, Yamha MBK, ARTECASA, Design DDC, Cuncil Ministery Region of Puglia

Awards and Accolades

I'm 49, I deal with communication through photography and directing a group of web designers and video makers in Milan. My professional commitment is directed to aspects that now
can no longer be neglected in the management of the image of a healthy company, ethical and then
into DNA of corporate communication: the attention to detail and the value of the commitment that those in communication lead back, starting from the mission to the property, synthesize an image that corresponds fully to the commitment. I photograph same value of work over the esthetics of profit this makes it anyhow one of the values and
not a reason to fight with blows of sensationalism, to name a few. Professionality and creativty are my only value to create value.
