"I recommend Michael Del Rossi to all business leaders. His professionalism, timeliness of key project deliverables, as well as the quality and innovation he brings to a project breaks paradigms and moves your business into the future at a rapid pace...
~Mesha Corey
Sr. Director Supply Chain Selling & Delivery Systems
Pepsi Bottling Group

"I started out in PR, where we had a few photographers on call, but what we really needed was the impossible: someone who could shoot anywhere at any time - backstage, photo pit, executive head shots, signing photos, product shots, and do a little retouching and graphics. Who the hell does that? Turned out was it was Michael. He's good, he's fast, reliable, efficient, unique."
~Harry Weinger,
Vice President, A&R, Universal Music Enterprises

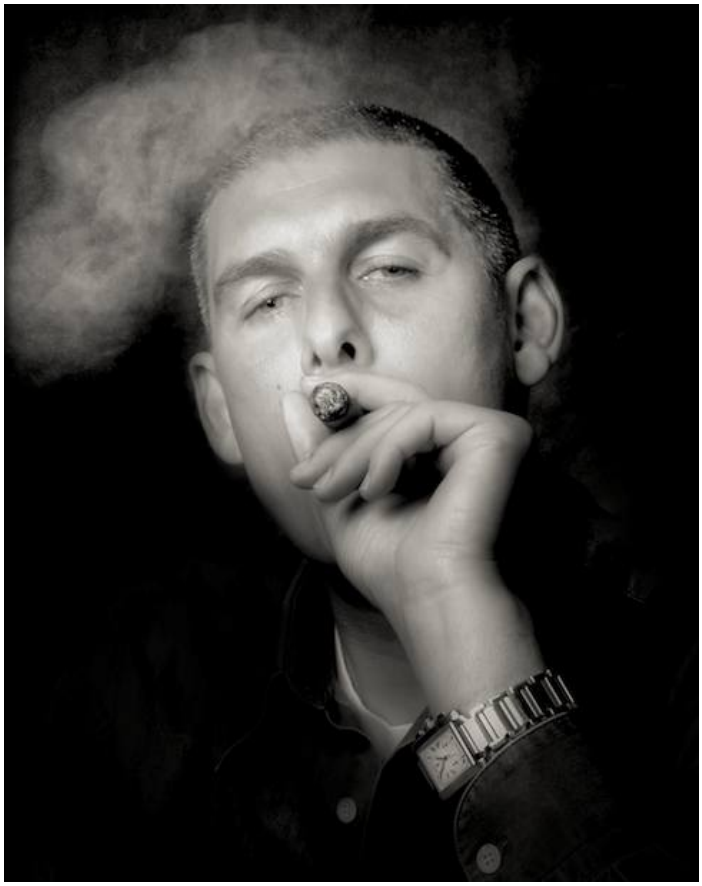

"I found Michael's work to be inventive and compelling. We have challenged him to record 150,000 square foot private events and 14 foot store displays with luminous results. Michael is easy to work with and highly self directed bringing imagination and a spirit of adventure to every project he's done for us."
~Caroline Meyers,
Director Corporate Communications MC2 Events Exhibits Environments
