Professional Experience and Curriculum Vitae

Tymon is always in search of contrast, this in the broadest sense of the word. His work is often being described as energetic with a touch of pop & street art. The choice of his subjects vary, but often link back to the adventures abroad. Tymon includes his travel photography in the sketch/painting process. For most of his paintings he uses mixed media like Acrylics, Mediums, Markers, Artists' Oilbar, Spray can, Brushes. Also Commissiones, Murals and clothing/shoe customizing are part of what he does.

Tymon Ferenc de Laat was born in 1979 and grew up in Delft, a town with a rich art history. In 2001 he graduated from the Willem de Kooning Academy as a Art-Director. Because of Tymon's Advertising background there is a reflection of popular culture to be found in his works. He seeks the tension between art and commerce and flirts with the taboo. The inspiration for his paintings comes from many trips around the world backpacking with a brush and camera. Especially Central and South America have left a colorful imprint. Since 09-2012 Tymon opened up MeLikePainting Art Gallery/Studio in Rotterdam city center.
