Professional Experience and Curriculum Vitae

Hi, I am working as a health information technician and my work is to collect and maintain a patient's healthcare information. This data includes medical history, diagnostic test results reported and observed symptoms, examination results, and treatments. one day I visit all the patient's rooms to collect the data and then I know about one patient is an astrologer and talk to him he told me about powerful binding spells, it is very interesting and I think it is very helpful. I really like to talk with patients. that's why I really love my work.
