**15 Awesome Tips for Increasing the Value of Your Home**

### Home Improvements Under \$100

- 1. Spend on Your with a Fix**  
Invest in interior design to make your home more appealing. You will regain lost home improvements like smart colors or furniture. Make your home look expensive but not too expensive. Buy a few plants and get them!
- 2. Inspect it**  
Not every home improvement is a money-maker. For something if you don't know it's broken, there are inspectors to check. They are expensive but you don't normally pay.
- 3. Refurb**  
The simplest and most effective way to attract your interest is to make your home look like a new place and update. Buy a few plants and get them!
- 4. Find Inspiration**  
You can search for inspiration in design-oriented magazines, home design websites, or even on the web. Look for the best ideas and add your own twist to them.

### Home Improvements \$100-\$200

- 5. Plant a Tree**  
Plant at least one shade tree that the mature trees will make your home more desirable.
- 6. Use Landscape Landscaping**  
When shopping in your local stores, look for "one-stop" purchases that include everything you need to your region.
- 7. Upgrade Existing Laundry**  
Install a water-saving system will save you money. Water will also be used in your laundry. What is more, the system is not expensive.
- 8. Improve the Air Quality**  
The first step is to have a professional test for mold. If the results are bad, remove the old carpets and install laminate flooring.

### Home Improvements \$200-\$400

- 9. Clean up the Lawn**  
Overgrown or patchy lawns will make your home look like an eyesore. You can get a professional to clean up your lawn or you can do it yourself. You can also get a professional to clean up your lawn or you can do it yourself.
