Professional Experience and Curriculum Vitae

MICHAEL MINDLIN

Founding Principal

Suttle Mindlin

With an international background in award winning design, urban planning, branding, real estate development, revitalization, management and business development, Michael brings a wealth of experience and a unique perspective to the process of creating innovation and excellence within the confines of real world constraints. He offers a proven ability to combine practical and visionary leadership that allows projects to move forward on tight budgets and under difficult constraints. Michael's projects return profits, enduring value, enthusiastic patronage and surpass their strategic goals. His work achieves a strong emotional place in the life of the customers, cultures and communities served... achieving a broader definition of sustainability.

This diversity of experience has given him the ability to create a culture of innovation and a highly successful practice for several international companies. Team building, collaboration, and innovative management practices are all part of his approach to motivating large groups of people to strive for excellence and innovation in all areas of business. His expertise and broad-based knowledge allows him to understand and translate each client's needs into precise deliverables. Michael is instrumental in the creation of a business strategy and design solution for each client. He actively participates throughout the design and technical phases to insure the work is continually focused on the client's needs. His approach is unique in creating value by helping his clients communicate with customers, markets, or employees... positioning them at the crossroads of dramatic changes in our culture that affect our need to create sustainable, authentic communities. In fact, the creation of culture is one of Michael's most important services... and remains a core competency. Additional information and portfolio available on his LinkedIn profile.
