Professional Experience and Curriculum Vitae

My. Introduction into the Artworld happened about 6 years ago although I used to draw abstract figures before then. At the moment I am also not only drawing paintings in oil and acrylics but also do mosaic crafts which takes up a lot of my time but I enjoy every moment thereof.

Previous Clientele

After I left school I joined the state as an Administrative officer in the estates department and thereafter went to work for a bank institution in administration of deceased estates. Thereafter I started in a self-employed career in the Arts and I am now a member of the Montagu Arts Association and take part in their exhibitions.

Awards and Accolades

Self-employed artist

Awards and Accolades

None but do get commissions
