Professional Experience and Curriculum Vitae

Midwest Tropical specializes in soothing, tranquil water features that are hand crafted in a state of the art design studio and manufacturing facility near Chicago. This allows for customization from step one and a true dedication to quality which ensures a product far superior to anything else in the market. Our team of designers and craftsmen have over thirtyfive years of experience with quality materials including: stone tiles, stainless and copper metals, custom logos and finishes with acrylic and glass - creating stunning AquaFall™ Water Walls, Waterpanel™ Bubble Walls, Rain Curtains, and Bubble Tube Displays, along with custom created shapes and styles.
