Professional Experience and Curriculum Vitae

Armed with full-time experience at companies like Yahoo! and Spin Master's Girls' Creative Play division, I now freelance for media and toy companies, seeking challenges to suit my strengths in illustration, character design, industrial design, girls' play styling, youth culture, graphic design, and social media.

Previous Clientele

Fisher Price, Spin Master, Comcast, Katalyst Media, NSI Toys, Danara International

Awards and Accolades

JUNE SHIEH | Designer
mightyjune@gmail.com

OBJECTIVE: To design distinctive products that inspire, ease, comfort, and entertain.

EDUCATION

Fashion Institute of Technology Bachelor of Arts, Toy Design, Magna Cum Laude: May 2009

University of California, Los Angeles Bachelor of Arts, Visual Communication: June 1999

EXPERIENCE

Freelance Designer & Illustrator: October 2009 - Present

Clients: Fisher Price, Comcast, Katalyst Media, NSI Toys, and Danara International

- Illustrated award graphics for Tunerfish.com, a social media site for t.v. and video watching.
- Rendered and stylized licensed characters for plush toys and board layouts to pitch toy concepts.
- Prepared packaging layout for a licensed toy product.
- Prepared layouts, graphics and designed web page mockups for Marketing presentations.

Industrial Design Intern: June 2008 - August 2008

Spin Master Ltd. – Fastest growing toy company in North America

Collaborated on styling and industrial design for Girl Crush and Pixos toys.

Brainstormed ideas for new brands involving girls' play, technology, and drawing.

Conceived and rendered line extensions for Pixos and a new creative-play product.

Prototyped end-result samples of creative-play product for new Fall 2010 concepts.

Researched and developed graphic styles for doll eyes and temporary tattoo toy features.

Sketched and computer-rendered concept drawings for Pixos.

Researched DIY and tween girl trends and competition to inspire new style directions.

Visual and Interaction Designer: August 1999 - June 2007

Yahoo! Inc. – A leading network of online products and services.

- Designed the user interface for Yahoo! Green an intranet charity-based, social website.
- Illustrated original art for holidays and decorative themes for Yahoo! Kids, Yahoo! Pets, etc.

- Created user interface specs for a web-based Yahoo! Messenger prototype.

- Collaborated with Interaction Designers to develop visual treatments of new features
