Professional Experience and Curriculum Vitae
I am a graphic designer, award winning photographer and founder of Secrets of Bath and known for my highly motivated, creative, helpful nature and just wanting to have fun. Specialising in print design, branding and multiple styles of photography. I enjoy nothing more than being creative and working with people to create innovative projects that inspire, have fun and being outdoors, enjoying events.

As a photographer I mainly shoot landscapes but I also work on product photography, retouching and photo manipulations. In addition I use my Lumia phone to create art in different ways in which you can follow me on Instagram to see more.

My goal is to continue to gain more experience within photography and design by working with businesses to create there visual needs.

Previous Clientele
HTC, O2 Academy, Superior, Heineken, Bulmers, New Pacific Industrials, Future PLC, Fernox, Minuteman Press, TShirt and Sons, Hibbert Harwood, Craneworks, Bath Film Festival, GKBC Inc, Hemmingway and many more. As well as my clients I fundraise and support several charities: Julian House, Dorothy House and Diabetes UK. I am a member of the Atrium Photography Group for South Hill Park Arts Centre and a graduate mentor for Bath Spa University.
