EXPERIENCE

SONSTROED AS
MARKETING ASSISTANT

Norway
Jul 2010 – Aug 2010

I worked as Marketing and Sales Assistant for this company in Norway. This is an Import Export company dealing in the graphical, photo and digital market. They buy products from companies such as Neschen AG and Seal (Hunt Europe). I was involved in helping setting up marketing and sales plans for these products towards customers in Norway.

SELFSTORE LLC
MARKETING ASSISTANT AND SECRETARY

Dubai
Jul 2009 – Aug 2009

Involved dealing with clients, creating and editing documents as well as writing up contracts during the summer periods as listed above. I had to deal with financial aspects such as balancing the accounts. I also assisted with improving their marketing campaign, where we worked on website functionability, talking to mover and packing companies to ensure they promote Selfstore LLC by word of mouth and providing market research to help select better places to put adverts. It required the ability to work well both alone and in a team, have great attention to detail, be a good people person along with a high level of administrative skill.
