## Professional Experience and Curriculum Vitae

SAALab, the Art Lab - Street, Action and Art.

Art is an Action and we are sober observers.  
We share anything we want to share.  
We don't care whether you like or not,  
but we do care you.

The Lab is currently based in Taipei. We are a flexible, team based studio. We love collaborating and experimenting with new ideas locally as well as internationally. Our interests are wide-ranging, illustration, graphic design, fine art, photography, publishing and teaching. We create playful & intelligent visual work appropriate to the context, communicate fluently across a range of processes including drawing, painting, collage, digital image-making and three-dimensional installation. Ultimately, we enjoy telling a good story, verbally or visually.

SAALab was founded in 2011.
