Professional Experience and Curriculum Vitae
After 12 years of studying fine arts, Mirgen Dhima got an interest on the impact of Visual Communications, Brand Identity, Advertising and Marketing Communications and started experimenting on something that changed his professional career. On 2002 he started his first full time job as Web Designer and Graphic User Interface Designer. The Brand Identity Concept intrigued him and he got motivated to study and work with the power of Brand, Branding, Marketing Communications, UX Design, GUI Design and Web Design and very soon he started offering those solutions on freelance basis.

Today, Mirgen Dhima wears more than one professional hat:
+ Brand & Branding Consultant,
+ Marketing Communications Consultant,
+ GUI Designer (Graphic User Interface Designer) - Graphic Designer,
+ UX Designer (User Experience Designer)
+ Web Designer
+ Copywriter (Content Marketing Writer / Creator)
... skills that compliment and fulfill each other on the wide scope of Brand Image, Innovative Marketing and Strategic Business. Mirgen can build a company's brand image from scratch and make it appealing, unique and relevant in today's world market.

inWEB.AL Web Design is his Website Design & Development Studio that offers online solutions to small businesses and large corporations.
