Professional Experience and Curriculum Vitae

Digital fine artist and art commission specialist. I create art for bars, hotels, private homes, and as special luxury gifts. I also do freelance illustration and design work.

I was born in Irvine on the West coast of Scotland in 1978. I am a qualified product designer, ex games artist, and currently a professional digital fine artist.

I work primarily on commission work for corporate and private clients, in the UK and internationally, as well as exhibiting my own personal work within the highly regarded Scottish arts scene.
