Professional Experience and Curriculum Vitae

I Work on design and creativity since 1997.

During the first years of work I got into graphic production, print shops and design studios.

Since 2001, I specialized in web design and creativity, performing various tasks for the digital medium.

My main goals are to continue developing my knowledge, to apply and bring the best solutions to the clients.

Specialties

Creativity, design, coordination and management of multidisciplinary teams.
