Professional Experience and Curriculum Vitae

I'm a freelance industrial designer located in San Francisco. My objective focus is home furnishings, kids products and sporting goods, but my real passion is the act of design through teamwork, collaboration, ideation and revision. I have a dry but sharp sense of humor, a thirst for travel and culture, don't mind working seven days a week and can definitely hold my own in the kitchen.

Previous Clientele

Gymboree Corp.
lowercase LLC
