## The Big Move

### Top 7 Tips to Make it Go Smoothly

- 1 Moving can be very exhausting**  
  
Make sandwiches in advance, buy fruits and have bottles of water at hand. Make sure everyone is well fed!
- 2 Make it more fun**  
  
Put on some great music or a podcast while packing. Invite some friends over and make a day of it!
- 3 Packing is the key**  
  
Properly pack all belongings. Put a label on every box with a brief description of what's inside and where it should go.
- 4 The overnight bag is a must**  
  
For your convenience, make sure you have a suitcase packed on moving day with a change of clothes and toiletries for the first day in your new home.
- 5 On moving day - wake up early**  
  
Remove all bedding and pack it as well!  
Make sure everything is ready to go into the van.
- 6 Ensure a proper cleaned up**  
  
Hire a company to clean your old property or do it by yourself. Impress your landlord and get your tenancy deposit back.
- 7 Be the last to leave**  
  
Take a final look around!  
Make sure all windows and doors are locked.
