**ART**

PHIL DYNAN AND ANASTASIA NELSON — CONTRIBUTED

"Cocoa Cow" will be on display at Chico Art Center starting March 7.

## 'Furlandia: Where Animals Rule'

**Paw-some exhibit to show furry rescues**

*Staff reports*

**CHICO** • "Furlandia: Where Animals Rule," an art exhibit, will open 2-4 p.m. March 7 at Chico Art Center, 450 Orange St.

The two artists behind the show are Phil Dynan and Anastasia Nelson. Both have shown at the Chico Art Center before, but this exhibit in particular will include their new 3D, reverse perspective painted sculptures.

The concept behind the sculptures is the brain child of London artist Patrick Hughes. Dynan and Nelson have been working with Hughes for the past three years. This will be their first time showing the sculptures in an exhibition.

All of the art is related to an animal rescue center the two artists have had for the past 10 years. To support rescue center, they started painting portraits of the animals to sell.

The portraits include goats, dogs, cats, cows, a donkey, a llama, chickens and other animals.

Anastasia Nelson and Phil Dynan will present their artwork of animals from their rescue at Chico Art Center starting March 7.

There is a section within the exhibit where people can pick out a card or print with their favorite animal. Proceeds from the exhibit will go to the rescue center.

There will be coloring book pages for kids who want to color their own version of the animals. For more information, visit [phil-dynan.com](http://phil-dynan.com).

Chico Art Center is open noon-4 p.m. Monday-Friday and 10 a.m.-4 p.m. Saturday-Sunday.

"Barbados Sheep" will be on display at Chico Art Center starting March 7.

"Cat-A-Chino Cattle" will be on display at Chico Art Center starting March 7.

"Rosie," a painting of a sheep, will be on display at Chico Art Center starting March 7.

"Bunny," a painting of a goat, will be on display at Chico Art Center starting March 7.

"Night Gallery Art Walk" is a 3 D, animorphous, reverse perspective painted sculpture. Acrylic on birch, it is 48 inches wide, 24 inches tall and has a depth of 10 inches. As the viewer moves (in any direction) the sculpture both morphs and has motion.

Prior to painting the sculpture, studies are completed in reverse perspective. Below are the original paintings on paper. Once completed on paper, the sculpture is constructed and then hand painted. This process took one full year.

Art in the Night Galleries includes works by four artists: Anastasia Nelson, Phil Dynan, Patrick Hughes & Stephen Bennett
