Professional Experience and Curriculum Vitae

I have a very strong print background, I started in reprographics and pre-press before moving to artworking, design and finally project management. I've also always been interested in new tech and over the last few years (with the rise of social media) have found I have a knack of engaging an audience and discovering what works in terms of marketing.

I am your jargon-free, one stop shop for small business marketing.

Twitter/Facebook/Google+ – setup, content creation, management

Blog/Website – content creation, management

Logos/Branding – creation, consistency management

Advertising materials – creation, print management if required

Previous Clientele

Duralock Performance Fencing, Whistling Cat Books, MirrorSphere, WLFC, Wychwood Pre School, Pendragon Group, The Holly Bush.
