Professional Experience and Curriculum Vitae
I am a American designer and illustrator based in Paris.

I produce images for print and digital media. Past clients include IDW Publishing, 3:41am Studios and One More Mile Productions. International experience as an architect working in New York and London has provided a strong background in client services and design. For information regarding commissions or to discuss collaborative efforts, please get in touch.

Designer indépendant récemment arrivé à Paris, je suis à la recherche de nouvelles opportunités dans une agence créative où je pourrais mettre à profit ma double expérience internationale en architecture et illustration.
