Professional Experience and Curriculum Vitae
*POST is a retouching and *POST production studio specializing in still life retouching for the advertising industry. From creative retouching and collaboration to color grading and CGI, we help our clients create every imaginable vision.

With over 30 years of experience our #1 goal is total client satisfaction.

Retouching and *POST production are our passion. We love helping our clients create stunning imagery that bring their visions to life. We help our clients with all areas of the *POST production process, hence our company name *POST. Our technical and creative experience as well as our customer service are our strong points.

We are nationally recognized *POST production experts who are continually learning and growing with the current trends and technology. We started working with Photoshop version 1.0 and currently work in the latest Adobe applications.

Contact us and allow our team to collaborate with you on your next project. We are an extension of your team from concept through final delivery.

*POST, based in the Orlando Florida area, is owned and operated by John & Gretchen Flynn.
