Description: Neograft is a safe, simple and effective method to replace and restore hair follicles to treat baldness (hair loss) in both men and women. It is effective in treating crown baldness, receding front hairline or thinning hair. It is an office procedure that is painless, with no incision and no visible scar like the older procedures. It is a system that creates F.U.E. to restore a thicker and more natural hairline and to reduce and eliminate baldness. Neograft Hair Restoration Orange County serves Newport Beach, Costa Mesa, Newport Coast, Irvine, Santa Ana, Mission Viejo, Laguna Beach, Laguna Niguel, Laguna Woods, Huntington Beach, Lake Forest, and all surrounding areas in Southern California.
