Professional Experience and Curriculum Vitae
HELLO EVERYONE!

I'm Noemi, graphic designer and illustrator from southern Italy.

Passionate about drawing and everlasting curious, from an early age I transfer thoughts and emotions first on paper and then through digital drawing.

I deal with GRAPHIC DESIGN and ILLUSTRATION for realities, from publishing to startups, from companies to small producers.

My style is highly illustrative, modern and contemporary, but with a keen eye on the future and on trends.
I love to combine colors and shapes, giving life to a highly personal and characteristic style.
