## Professional Experience and Curriculum Vitae

I was born in 1988 in Poland. My graphic experience is about 2 years. Everything started in really amazing way - from fantasy books. My neighbor lent me The Lord of The Rings - that was the beginning of my fantasy "addict". After few years after that situation, I set up my first fantasy forum - The Ma'Arte Family, and I made my first digital graphic - button for this site using paint shop pro. That was a start and after that I try Photoshop and made my first digital abstract. Now I'm a freelance graphic designer and I'm studying graphic design.
