THE BOOM
MIC & REMOTE

Because most music players today are also cellphones, we've built a microphone and remote onto the flat cable made from TPE on all Coloud Headphones – a feature that's handy in the real world. This means you can pick up and answer calls with your headphones, as well as forward

THE KNOCK
FEATURES & SPECS

With their robust and streamlined triangular design, Coloud Headphones are built to withstand the pressures of everyday listening. Minimal parts and mechanical construction make these headphones super durable, reinforcing them against the pressures of everyday listening.

Each pair of Coloud headphones is ergonomically designed for ultimate comfort and wearability. Using a concept we like to call 3D ergonomics, each model is crafted to follow the angles of the human head for a comfortable fit.

SOUND

SPECS

Driver:	40mm dynamic
Sensitivity:	100mV @ 1kHz = 85dB SPL
Impedance:	32 Ohm
Frequency Range:	20Hz - 20kHz
Weight:	78 g / 2.75 oz

THE KNOCK

THE BRAND NEW COLOUD HEADPHONES

A brand new line of highly durable headphones at a price point that won't break the bank. Coloud takes a no fuss approach to the concept of sound.

COLOUD LAUNCH PARTY

Stockholm got its first glimpse of the new Coloud Headphones at an event earlier this year called Sverige. Check out some of the photos [here](#).
