Professional Experience and Curriculum Vitae

I make illustrations using Adobe Illustrator and Photoshop. I find inspiration in vintage posters and layouts (especially when it comes to creating texture), nature and animals and oddly enough daily email ads from online retailers (ie: Anthropologie, Madewell, and ShopBop). I also enjoy photo editing, photo touch up and web design work. In my free time I like to work on comedy animations (done in flash) and posters that will be visible online hopefully by the end of April.
