Professional Experience and Curriculum Vitae

I create images for corporate, industrial, editorial and creative clients that tells the story of their company, their products, services and people.
I regularly travel worldwide to create that imagery and I work as many hours in a week as necessary to tell that story. Most weeks it works out to about 70. I'm trying to get it down to 50.
I run, far but not fast, I fly fish and I can tie my own flies. I can shoot a clay target out of the sky with a shotgun on a surprisingly consistent basis. I drink red wine and single malt scotch and I know nothing about either. I hate golf, I ski powder and would rather walk up the mountain than stand in a lift line. I read the New York Times but would never dream of attempting a crossword puzzle. I love cheeseburgers, I'm smart enough to know I should love salads instead, I scuba dive but I don't like the ocean, I speak French, Spanish and a little Italian but not as well as I think I do. I love to travel and will someday have my ashes spread illegally in Paris. I live in Calgary Canada with my very patient wife and two very old Labrador Retrievers.
