Professional Experience and Curriculum Vitae

Origin Vitality was founded in 2018, we believe your health is the most important thing in life. Our objective is to produce top-quality plant-based nutritional supplements and natural medicinal products that make a genuine impact on your daily life. Our experts use scientific research combined with natural medicine to support the formulation of our products. We search for the most premium and pure raw ingredients with zero nasties, so your body can optimally process and absorb the nutrients. Ingredients we use are sourced from organic cultivation, cruelty-free and our products are also suitable for vegans.
