## **Professional Experience and Curriculum Vitae**

I worked as an Electronic news gathering operator in Bumper to Bumper Auto Parts company based in Miami. I worked with many astrologers also, I worked on the dua for true love in the world projects. I like reading books, painting and listening to music. and I just love fashion, fabric, trims, and sewing and try to do it every day for myself and others. I am familiar with taking a project from the very start and working shoulder to shoulder with directors in order to achieve the best result, often coming up with both technical and visual solutions.

## **Previous Clientele**
