Professional Experience and Curriculum Vitae

Mine is a never ending pursuit, carrying the story within itself. My way of working is mostly in a spontaneous flow; additionally preserving the subconscious of Pop-Surreal and Neo-PopArt movement. CONSTRUCTION, CORRUPTION and RECONSTRUCTION is my ongoing process of forming a layered way of EXPRESS I O N . The FRAGMENTATION starts as I feel the disruption of being torn away from my own nature. Then the D E F R A G M E N T A T I O N begins on the level of acceptance of C O N S C I O U S N E S S a n d t h e S E A R C H to find the RIGHT PATH. I try to work on DEEPER and more silent images to take a break from the tension of this Fragmented image processing. The irregular intrecacy in my drawings is in continuous development by the influence of a blend of world cultures rooted in Anatolian land, neither strictly European, nor Asian, from time to time Ottoman and carrying evidence of Far Eastern visual libraries.
