Professional Experience and Curriculum Vitae

Patrick Carter Design is a graphic design studio in Jacksonville, FL specializing in brand development and web design. With a background in advertising agency style art direction and years of experience in the Jacksonville marketplace, an attention to detail and a fanatical passion for design are always maintained. Patrick Carter Design remains active in the business community by continuing design education, organizing business related events and supporting progress in design thinking while striving to enhance the creative culture in North Florida through leadership as Vice President for AIGA Jacksonville.
