Professional Experience and Curriculum Vitae
pea.brain is a design agency that is focused on digital marketing design and development. We have been creating websites and implementing the highest standards of UI for the past 10 years.

We have a team of developers, illustrators and animators. Most of our work is in the entertainment industry, mainly video game clients. It is fun work. We love it and we would love to work with you!

Previous Clientele
EA, TellTale Games, Rupture, Flash-Fire, Ozone Online, Ubisoft, nCircle, Vindicia, WeatherNews, Filter Magazine, Who Represents, and Energy Focus, Inc.
