Professional Experience and Curriculum Vitae

I offer extensive experience as an advertising, corporate and industrial photographer in Brazil.

Making hundreds of assignments, and having a natural talent to improvise, I became known as an expert in making complex images in location or studio. Attend the most different and difficult jobs, for corporations advertising agencies and industries in Brazil and clients from abroad.

Make advertising, corporate and industrial photography. Equipment, installations, product photos, corporate portraits, farm and agriculture, annual report photos, aerial images, architecture and photo illustrations.

I have great knowledge as a technical and graphic designer and this helps me to better serve customers. Very good knowledge of programs like Photoshop, Painter, QuarkXpress, Illustrator, Framemaker, Robohelp, Dreamweaver, Captivate.

Control my photo jobs from retouch to cmyk color corrections to special effects to the printing. Am expert in photograph large equipment in location, inside or outside of the plant. Retouch all my photos, without additional costs to the client. Can photograph in any place or conditions, in studio or location. Always on schedule.

I believe that my unique combination of experiences makes me more creative and resourceful in either activity. With competitive prices I am open for quotations. Contact me about your photography needs in Brazil, I can certainly find a good and affordable solution for your project.
