Professional Experience and Curriculum Vitae
Pixiest Photography delivers professional photography services in Newark, Wilmington, Dover, and throughout New Castle County, Delaware. Founded by John, an FAA Part 107-certified photographer with over 15 years of active industry experience, the studio provides comprehensive coverage across weddings, portraits, commercial projects, corporate events, family sessions, and licensed aerial drone photography. John completed formal photography training at Delaware Technical & Community College, supplemented by advanced drone certification through DJI Aerial Academy. Every client works directly with John from initial consultation through final gallery delivery, ensuring consistent quality, transparent communication, and dependable turnaround, typically within seven business days for standard sessions.
