Professional Experience and Curriculum Vitae

Hi! I'm a writer-director-filmmaker who creates cool tv commercials, corporate & industrial videos, web promos, and narrative films for clients that range from the Fortune 500 to smaller, privately held companies. I'm a great team player for advertising agencies, too.

I'm based in Los Angeles, and I travel the world to help tell my clients' stories. I own two cinema-quality 4K cameras- a RED MX and a RED Scarlet-X (coming Feb 2012). My post production studio is stocked with the latest toys like daVinci, Adobe, Avid, and so forth. Most importantly, I know how to use these toys (er, tools) to make you look amazing.
