Professional Experience and Curriculum Vitae

I'm a copywriter who's convinced that depression fuels creativity. I've been working at Ogilvy & Mather in India for close to 3 years now. You'll find me brooding over why the universe is such a messed up place and why we hunt animals for fur. When I'm not brooding, I can be offensively funny. Not sure I like myself that way, though.

Previous Clientele

Titan watches, SAB Miller, Rohan Builders, Bingo!, Titan EYE+, MTR Foods and IBM India
