Professional Experience and Curriculum Vitae

Put more than 25 years of freelance artistry and design expertise to work on making your next project a success. Start right from the drawing board!

In my home studio I have designed for many companies including Toys R Us, Target, The Oprah Store, Blumenthal/Lansing, RM Palmer Company, and many apparel companies including Duck, Duck, Goose, Halabaloo, and Parigi. I have created designs for logos, brochures, packaging, textiles, apparel, home décor, and I have illustrated children's books. My designs have been in all levels of the market from Wal-Mart to Neiman Marcus.

I work with clients from start-ups to large corporations. All my clients get the same high level of caring professional service. I am reliable and deadline friendly. I build lasting relationships with my clients. My clients' needs are my priority and I anticipate and fulfill them creatively, technically, and attentively.

I've had a passion for creating images since the day I first picked up a pencil and put it to paper. The pencil is now a pen tablet and the paper a monitor but the passion and focus is the same. I craft images that make ideas come alive, give companies a persona, and products soul.

Previous Clientele

Toys R Us, Target, The Oprah Store, Blumenthal/Lansing, RM Palmer Company, and many apparel companies including Duck, Duck, Goose, Halabaloo, and Parigi.
