Professional Experience and Curriculum Vitae

Productions l'Éloi was founded in 2001.

The original Idea was to offer an artist representation service combined with a production company. Since then, we grew and now represent some of the best Canadian photography artists. We guide them so they can achieve their full potential and make their dream come true.

The division l'Éloi represents 06 photographers - videographers and offers a personalized production service.

The division Agence Satellite, born in 2009, quickly became the reference in talent representation in Montreal.

We now have 02 beautiful studios located in the heart of Montreal.

The best magazines, advertising agencies and fashion clients use our services.
