## Professional Experience and Curriculum Vitae

In his house, Peter is surrounded by bright colors in each room, two wacky cats, a dog named Fridge, and his fashionable girlfriend, Kat. Much like an Oscar acceptance speech, 45-seconds just is not long enough to tell it all.

Peter's inspiration comes from various visual artists, photographers, filmmakers, and fashion designers.

His background in art production and history started in Ottawa at Arts Canterbury High school, then was followed through in Toronto at York University. Peter's influence in fine art strands from surrealist painting of the early 20th century to the minimalist approach of the Abstract Expressionists to iconic Pop images of the 1950-60's.

Peter's artwork consists of painting, mixed media, and photography. In his art and photography, Peter is fascinated with utilizing conflict in his subject/environment relationships and takes this into consideration for both his assignments and his personal work.

Just like his lively personality, Peter prefers working with a bold, bright, and colorful resonance in his images.
