Professional Experience and Curriculum Vitae

Illustrator and fine artist.

I was born in 1963. With a passion for fantastic art I've developed my own style combining the old cultures of my country with science fiction and fantasy. I exhibit and sell my work in different countries and galleries.

My work has been published in various print and electronic media, for example ILLUSTRATORS 39, Book of the Society of Illustrators, NY, or in several editions of Spectrum, the the Best in Contemporary Fantastic Art has also appeared in the popular Sci-Fi magazine Heavy Metal in NY, among other publications and websites.

Some of these works were exhibited at the Stendhal Gallery in New York, the Mexican Chamber of plasticity, in addition to universities and other cultural spaces.

I work in my studio in Mexico city making my own sci-fi artwork, only interrupted by several companies commissions who ask for advertising art.
